Sansiri raises presale target on strong demand

Sansiri raised its target for residential presales this year from Bt36 billion to Bt40 billion after showing presales of Bt26 billion in the first nine months.

President Srettha Thavisin said yesterday that the company had also increased its launches this year from 44 projects worth Bt40 billion to 50 worth Bt55.2 billion thanks to strong demand for homes both in Bangkok and upcountry.
