

Sansiri unveils its flagship project

The firm claims "98 Wireless" is set to become an icon in Bangkok - a 25-storey high-rise condominium of 77 luxurious units valued at more than Bt8.5 billion.

98 Wireless's interior design is by Ralph Lauren Home furnishings, well known in New York. The project will officially launch upon completion, expected in October 2016, with a starting price of Bt550,000 per square metre. Room sizes range from two to three bedroom residences, the Penthouses, and the most spectacular Super Penthouse - aptly named "The One" - located on the building's top two levels.
