LA HABANA
HUA HIN

SPECIAL EDITION

Hua Hin's clear azure sky, sweeping view of the glittering sea and lively summery vibes set the scene for a design brimming with life, fun and relaxation. You'll find everything you've ever wanted for your holiday home at

La Habana: The Happy Colours of Hua Hin.

The energy of Spanish Colonial architecture pours out of this resort-like residence, which draws its design inspiration right out of Cuba's colonial past. From the moment you step inside, you'll feel as if you were transported back a couple of hundred years.

Evident are the contrasting, vibrant colours of La Habana, Cuba's capital city. Vintage elements appropriately modelled after antiques of the time period further accentuate its charm while majestic arches invite you to step back into the early days of Spanish Colonial architecture.

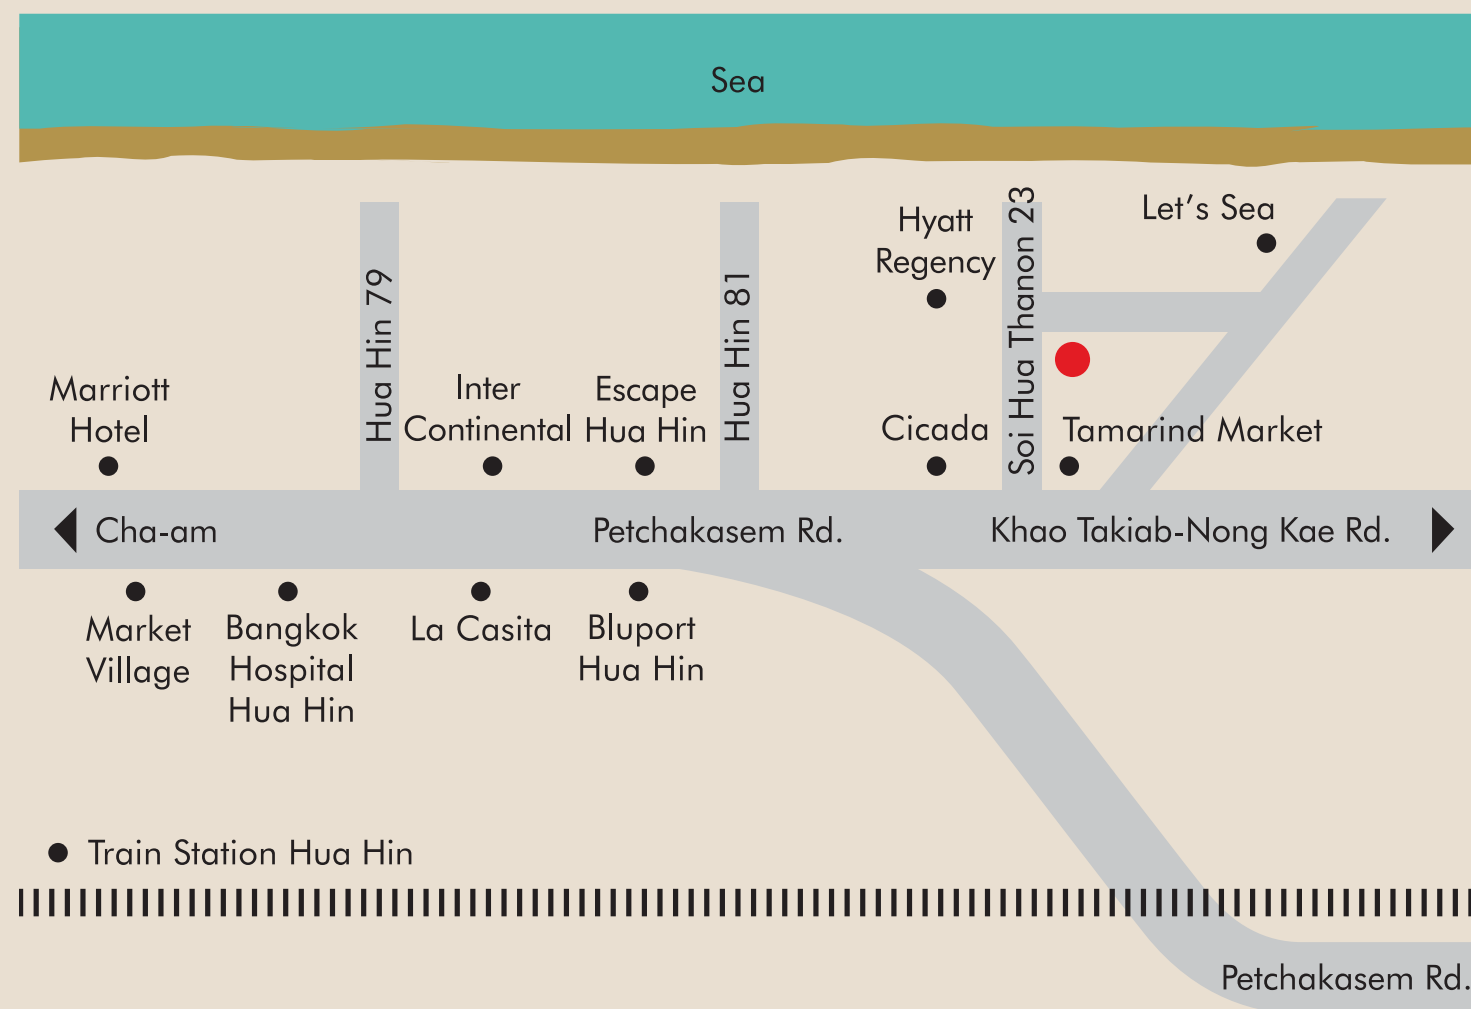

Interior Design

Energetic colours paint the walls while tiles of eclectic patterns give textures and accents to various areas throughout the property.

Swimming Pool and Common Property

The word 'oversized' cannot begin to describe the pool, which spans an area of 1,000 square metres at the heart of the property. More importantly, the pool is elevated to the second floor, making most units on the first and second floors pool-access units. There's also an on-site gym for those of you who love staying active, even on your holiday.

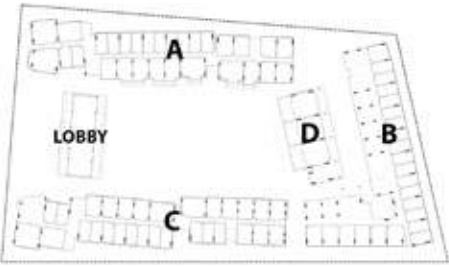

The Best Location in the Heart of Hua Hin

Despite being a city resort in the heart of Hua Hin, La Habana is only 250 metres from the ocean. It's also surrounded by renowned hotels, such as the Intercon and Hyatt Regency. Other nearby attractions include the Cicada and Tamarind Market, Wilaiwan Bakery, Market Village and Bangkok Hospital.
